

All-New Dacia Duster

Rugged, robust and better looking

All-New **Dacia Duster**

All-New Duster. Ready for **adventure**

Nothing fazes the All-New Dacia Duster. Open road or off road*, it'll go wherever you want to go

With its dominant front grille, ready-for-anything roof bars and new 16† or 17-inch^ alloy wheels, this SUV takes on any terrain – and makes it look easy. The added side protection, skid plates and front lighting signature will leave a lasting impression. Ready to go?

MULTIVIEW CAMERA[^]
4 CAMERAS TO HELP DRIVING
ON-ROAD AND OFF-ROAD

Travel **well-equipped**

Sometimes you're cruising down the motorway, Sometimes you want to get off the main roads and explore uncharted territory*. Either way, the All-New Dacia Duster always knows how to respond.

Hill Start Assist makes light work of the steepest slopes, while the Hill Descent Control* keeps you on top of your speed. And because your eyes can't be in two places at once. The multiview camera detects objects around you. Talk about smooth sailing.

The **engine room**

Meet the boss under the bonnet

Just because your car is affordable, doesn't mean you have to compromise on engine quality. All our engines are rigorously tested, over 800,000 kilometres of test driving in fact. So you can relax every time you turn the key.

Pick the engine for your lifestyle:

The new SCe 115 petrol engine is a great all-rounder

- 4 cylinder, 1598cc engine offers you 84 hp and 43.5 mpg combined with CO₂ emissions of 149g/km[^]

For ultimate fuel efficiency, try the Blue dCi 115 diesel engine

- An impressive 64.2 mpg and CO₂ emissions of only 115g/km[†]

*Figures are produced for comparison purposes in accordance with European legislation and may not reflect real life driving results. Equivalent NEDC value obtained from WLTP figures, aiming to reflect a closer representation of the 'real-world' fuel consumption and CO₂ figures. Real world fuel (actual) consumption can vary as the fuel efficiency is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption.

Blue dCi Engines

All-New Dacia Duster benefits from the latest Blue dCi diesel engines which are equipped with a system to reduce polluting Nitrogen Oxide vehicle emissions by injecting an urea-based fluid, AdBlue[®], into the exhaust system. A dashboard message will remind you when the AdBlue[®] needs topping up via specific Adblue filling cap located next to the usual Diesel fuel filler cap. A full tank of Adblue will last for 6 full tanks of Diesel.
